RE: INFORMATION REQUIREMENT, Section 308 of the Clean Water Act, 33 U.S.C. Section 1318 to Washington Aqueduct, 5900 MacArthur Boulevard, Washington, DC 20016, Baltimore District, US Army Corps of Engineers

Dear Mr. Seligman:

The following information is submitted in accordance with the subject request for information letter dated January 6, 2016. In our February 12, 2016, letter to you we said we would send monthly updates as of the 15th of the month reporting on dredging activity at the Georgetown sedimentation basins in the prior 30 days.

This update is for the period May 14 through June 15, 2016.

In-house dredging continues at Georgetown basin #2. In this period we have dredged 423,655 pounds of solids, which is approximately the same as we collected last month.

The contract to the commercial dredging company selected to remove the sediment from outside the range of the in-house cable-guided dredge is now scheduled to be issued on Friday, June 17, 2016. This commercial dredge will also catch up on the material not yet removed from the range of the in-house dredge.

I certify that the information contained in or accompanying this submission to be true, accurate, and complete. I am aware that there are significant penalties for submitting false

Proudly Providing Water to the Nation's Capital Since 1853

information, including the possibility of fine and imprisonment for knowing violations. I certify as having responsibility for the persons who, acting under my direct instruction, made the verification that is information is true, accurate, and complete.

Sincerely,

A handwritten signature in dark ink, appearing to read "Thomas P. Jacobus", with a long horizontal flourish extending to the right.

Thomas P. Jacobus
General Manager
